Commissioner-We budgeted around \$80,000 this year for private company tows. At an average of \$50/tow that would cover about 1600 tows.

With the Strike Force operating 7 days/week our tows have dramatically increased. Our new LPR's have added a lot of tows as well.

On average, we are towing about 500 cars/month. We were able to pay the July through September bills.

To be able to pay October through June, I will need at least \$225,000 in additional funds.

That is based on 9 months with each month averaging 500 tows. Therefore, 4,500 tows at \$50/tow will mean that Parking needs an additional \$225,000.

Let me know if you need anything else.

Thanks, Kevin
